Crowning Feature of 1915 Carnival Was Supplied By the Regular Troops At Kapiolani Park

(From Sunday Advertiser.)

LIFTEEN THOUSAND persons yesterday afternoon witnessed one of the most spectacular and exciting military programs ever held in Honolulu. Three thousand of these filled the bleachers to capacity. Twelve thousand others either found standing room from ten to twenty deep around the side lines of the polo field at Kapiolani Park or in folding chairs which Director-General Dougherty felt would be needed to care for one of the largest crowds that has witnessed any of the events of the past week.

Promptly at one-thirty o'clock yesterday afternoon Major Michael J. Lenihan of the Second Infantry, officer in charge of the pageint, gave the signal that sot! the program in motion and from that minute until the Company I of the Third Battalion of Engineers, in charge of Capt. W. T. Hannum, set off the charge that foiled the spectacular charge of the Twenty-fifth Infantry and destroyed the quickly made bridge over which the Engineers and

bue. The entire company of approxi-mately 150 men want over the high wall in columns of fours and in almost less time than it requires to describe it. In the finals of the flag relay race, with contestants entered from five out-fits, the Twenty-fifth Infantry easily outstripped all rivals, covering the course in six minutes and one second and beating the First Infantry by nearly a lap. The Fourth Cavalry team fu-

tshed third.

The finals in the tog of war tournamint were stubbornly contested, the First Infantry finally pulling the Second Infantry team over the line in an exciting struggle that lasted for eleven seconds. Not until the pistel cracked dould it be told which had the advantage, each team losing a fraction alternately until the victors finally came notely until the victors finally came back with a will and the ropemen of the Second were dragged to defeat. This event was roundly cheered,

SPLENDIDLY DRILLED HORSEMEN Troop C of the Fourth Cavalry proved themselves a spiendidly drilled collection of horsenen in the cavalry drill in reside. This troop is in command of Capt. Lucius E. Holbrook. The horses, too showed an intelligence almost human. In the different formations, the rapidity and grace with which they passed from one formation to the other caused repeated cheers from the theoremak in the bleschers and on the sidelines.
